cation Inquiring as to the In-
tention of the United States

NO SERIOUS BORDER DISORDER

WASHINGTON, Sept. 15.—Ameri-
can consuls in northern Mexico
which has become the chief battle
ground between the contending fac-
tions have been advised by the
state department not only to notify
American citizens to withdraw
from the danger zones but to leave
Mexico themselves in the event con-
ditions become intolerable.Lansing Describes Instructions.
Secretary Lansing today described
the instructions to consuls, which
were issued several days ago as
similar to those given to American
consuls in Europe whenever the
contending armies draw near cities,
previously untouched by the fight-
ing.The rapid advance of General
Obregon's forces into northern Mex-
ico and frequent reports of lawless-
ness on the border, for which Gen-
eral Villa has disclaimed responsibility
have led to the present measures,
according to state department offi-
cials.All in Villa Territory.
As soon as American citizens have
withdrawn, there will be no necessity
in the opinion of high officials here,
for the consuls to remain, but
it was denied that they had been or-
dered to leave, discretion being
vested in the consuls themselves.
The notifications have extended to
consuls in Torreon, Chihuahua, Her-
mosillo, Guaymas, Nogales and Ju-
arez, all of which are in the terri-
tory controlled by Villa. It is ex-
pected that before another week or
two most of the Americans will
have withdrawn as latest telegrams
to the department tonight indicated
a general exodus.At the Villa Washington agency,
news of the department's action was
received with unaccounted surprise
and resentment. Enrique C. Lloren-
te, Villa's representative, announced
that he had addressed a communi-
cation to the state department ex-
pressing surprise and inquiring as
to the intention of the United
States.Report Renewed Depredations.
Renewed depredations by the
Yaqui Indians were reported in
state department despatches today.
A marauding band was said to have
crossed the Yaqui river near Chun-
amopaz, invading the property of
the Richardson Construction com-
pany on September 12th.Two Americans kidnapped from
the American side of the line near
Columbus, N. M., have been released,
according to today's reports.Despatches from Sonora to the
department stated that order had
been restored in the capital, that
mutineers were being pursued by
the government forces and that all
Americans were safe.No Serious Disorders Reported.
Brownsville, Texas, Sept. 15.—Ob-
servance of Mexican Independence
Day began tonight without a single
case of serious disorder reported
along this border by the army pa-
trols. At the suggestion of Col. A.
P. Blocksom of Fort Brown, here,
Rio Grande Valley residents were
warned that at 11 o'clock tonight
according to custom the Mexicans
may be expected to indulge in a
noisy display of fireworks and that
this firing is likely to be repeated
about noon tomorrow. The army
patrols were strengthened to the
limit of available men tonight. As
the details of the deaths of three
Mexican prisoners killed while re-
ported escaping from the custody of
civil authorities Monday night near
San Benito, became known in army
circles today, the incident continued
to be looked upon with disfavor. So
far as could be learned there was no
inquest held into these deaths. Bur-
ial was done by soldiers on order
of Captain Bruno T. Scher, of the
Twenty-sixth Infantry at San Benito.Captain Scher acted under gen-
eral instructions to army officers in
this section not to leave unburied
bodies if any such are found.Investigation of the shooting
across the river into Mexican terri-
tory here last night by two men who
gave their names as Americans liv-
ing on this side, continued today
but the cause of shooting has not
been disclosed.

Extends Policing System.

Colonel Robert T. Bullard at Har-
lingen received reports that three
or four bands of armed men have
been seen recently in thickets in
that section. An extra company of
infantry sent to Lyford last night
was expected to keep peace there
during the Independence celebra-
tion tomorrow. Colonel Bullard is
extending the policing system by
sending patrols northward to in-TWO OF STATE'S
WITNESSES TESTIFYLEE AND GIBBS TELL HOW PART OF
BALLOTS WERE BURNEDAfternoon Marked By Many Wan-
glements Between Attorneys Over Ad-
mission of Evidence In Trial of
Mayor Bell Charged With Election
Conspiracy.Indianapolis, Indiana, Sept. 15.—
Two of the state's witnesses told
how a part of the Democratic ballots
cast in one precinct at the primary
election of May 5, 1914, were burned
without being counted at the trial
today of Mayor Joseph E. Bell,
charged with election conspiracy.
Both the witnesses, John W. Lee and
Charles H. Gibbs, colored, were in-
dicted in the case and have pleaded
guilty.The afternoon was marked by
many wrangles between attorneys
over the admission of evidence, es-
pecially that consisting of conversa-
tions between Lee and others named
in the indictment.Lee, who was the inspector, said
Mayor Bell was at the polling place
for a few minutes, but merely in-
quired how they were getting along
and then departed. Gibbs, who was
an election judge, did not remember
seeing Bell at the polls."Let me fix up these tally sheets."
It will take you all night to count
them," Gibbs said, when he came
into the polling place," Lee testified.
"Gibson then was given the ballots
but he didn't count them at all. He
put down the tallies to suit himself.
He was for Ed Lyons. We burned
the ballots."James H. (Bud) Gibson recently
pleaded guilty. Edward Lyons was
the candidate for the Democratic
nomination for county treasurer, fa-
vored by Mayor Bell, according to
the contention of the state.Lee was given a searching cross-
examination by the attorneys for the
defense. Frequently he became an-
gry and shouted his answers. He ad-
mitted he had served a term in the
penitentiary. The witness denied he
had sought money from men who
were indicted and their attorneys
with which to leave the jurisdiction
of the court.Gibbs corroborated in some re-
spects the testimony of Lee but dif-
fered in others. His examination was
not completed when court adjourned
for the night and he will be the
first witness tomorrow.SHORTAGE OF AUTOMOBILE
TIRES IN NEUTRAL COUNTRIESCaused By Restriction of Rubber
Exports From the United States—
Business Suffering.Washington, Sept. 15.—Serious
shortage of automobile tires in the
neutral countries of Europe, usu-
ally supplied by American manufac-
turers, has followed restriction of
rubber exports from the United
States. Advice received today by
the state department said business
in Holland, Sweden, Norway and
Denmark was suffering on account
of lack of tires.Under an agreement between the
British government and American
manufacturers no rubber manufac-
turers are allowed to go to any Eu-
ropean country except through Great
Britain the Americans having enter-
ed into the compact to secure sup-
plies of raw rubber from the British
East Indies. As a result neutral
countries in Europe are forced to do
all their buying through British
dealers have encountered increased
prices and in many cases a total lack
of supply.Diplomatic representatives of the
United States in Holland and Scandi-
navian countries have brought the mat-
ter to the attention of the state de-
partment but the manufacturers here
are not complaining as they have no
difficulty in disposing of their entire
output through Great Britain where
a large part of the supply is used
for war purposes.REMAINING COUNTS AGAINST
CHICAGO BROKERS DISMISSEDDANVILLE, Ill., Sept. 15.—Follow-
ing the trial of Oliver A. Barker,
Jr., charged with misappropriation
of the funds of the First National
Bank of Johnson City, of which he
was formerly cashier, District At-
torney Karch this afternoon an-
nounced that the two remaining
counts against James J. West and
Henry J. Froelich, Chicago brokers,
indicted along with Barker, had
been dismissed. The jury in the Bar-
ker case were instructed to return a
sealed verdict if they agreed during
the night.

EDUCATION BILL SIGNED.

Montgomery, Ala., Sept. 15.—Gov.
Henderson today signed the New
Alabama compulsory education bill
requiring every child between the
ages of eight and fifteen years to
attend school.The country along the railroad
for fifty miles north of Brownsville.An appeal was received today at
Harrington from the mayor of McAl-
len, Texas, some distance up the
Rio Grande Valley from the scene
of the most recent outbreaks, for a
troop patrol tonight.It was reported that McAllen had
received threats of raids such as
Mexicans claimed were projected
against San Benito last night. The
latter city was quiet, but under
heavy armed guards.LOAN SEEMS ON
WAY TO SUCCESSCommission Secures

able Fraction of Credit

OTHERS IN PROSPECT

Billion Dollar Loan Probably
Will Be Divided Into Two or
Four Separate Series

TO RUN FIVE OR TEN YEARS

NEW YORK, Sept. 15.—America's
billion dollar loan to Great Britain
and France seemed to be well on the
way to actual accomplishment to-
night, according to bankers familiar
with the pledges secured by mem-
bers of the Anglo-French financial
commission during their five day
stay in this country. Announcement
at this time that the success
of the loan was assured would be
premature; but there was every in-
dication, in their opinion that the
commission's work thus far had met
with a degree of success that had
fully equalled their expectations.This rosy view reflected the
thoughts of the men who have
championed the commission's cause
here and aided them by hard work.
It did not coincide with the senti-
ments of those opposing the big loan
nor of the so-called pro-German fin-
anciers here who have not been in-
vited to attend the commission's
conferences or meet the commis-
sioners.Many Pledges Have Been Made.
So far as could be learned from
bankers in touch with the commis-
sion and its work the situation to-
night was about as follows:Pledges already have been secured
for a considerable fraction of the
big loan.Other pledges are in prospect.
The so-called pro-German bank-
ing houses of New York will be
invited to participate in the loan if
the commission can be persuaded
that they are sincere in their ex-
pressions of willingness to do so.The billion dollar loan probably
will be divided into two and possi-
bly four separate series of equal
amounts.Bonds upon which the loan will
be granted will bear not less than
five per cent interest and will be
payable in dollars, free from Brit-
ish income tax requirements.An attempt will be made to sell
the bonds at par in case the inter-
est should be five per cent. Mem-
bers of the commission fully believe
that such bonds could be disposed
of at par but American bankers
have their doubts on this score.The opposition to the flotation of
the loan is country-wide among
Americans of German sympathies or
parentage but has strengthened
other bankers in their determina-
tion to aid in floating the loan. In
the opinion of the commission's
friends and has not seriously im-
peded the task.To Be Payable in Five or Ten Years
The bonds are to be payable in
either five or ten years.Possibly one series will mature
in five and the other in ten years.
This has not been decided. On to
the hands of the commission it be-
came known today many American
bankers have placed their pledge to
take part of the loan. Not a hint as
to the amount of these pledges was
given but there were indications
that the sum totalled many millions.
These promises, it was assumed,
were contingent upon conditions of
the loan.In nearing the intimate details
of the transaction, the members of
the commission narrowed their con-
ferences today to a smaller circle of
financiers which included only the
most influential of the country's fi-
nancial and industrial factors.
Among the men who are known to
have consulted with the commission-
ers are J. P. Morgan, George
F. Baker, James J. Hill and Festus
J. Wade of St. Louis.

Wade Speaks for Cotton Shippers.

In much the same vein as Mr. Hill
had spoken for the great wheat
growers of the northwest Mr. Wade,
it became known, called the
commission's attention to the neces-
sity of the covering shipments of
cotton with any credit loan that
might be negotiated here. The
prosperity of the American cotton
grower of 1915, Mr. Wade thought
was wrapped up in the success of
the commission, with the allies
eliminated as extensive purchasers
of cotton by the commission's pos-
sible failure to establish the desired
credit. Mr. Wade was inclined to
take a gloomy view of the situation
in the southern states during the
year to come.The commission is reported as
having made it clear to Mr. Wade
that the proposed credit loan, if
obtained, would provide funds to
care for exports of cotton as well as
every other article imported by
Great Britain and France from this
country. As to the actual details
of the loan there was no authorita-

RUSSIANS STUBBORNLY
OPPOSE VON HINDENBURGGERMAN DRIVE PROGRESSES SLOWER
THAN PREVIOUS ENTERPRISESTeutons Prepare to Attack Bridge-
head Across From Town of
Dvinsk—Russ on Offensive North
of Galician Border.London, Sept. 15.—Field Marshal
Von Hindenburg's drive toward the
Dvinsk-Vilna railway is not pro-
gressing as fast as his previous en-
terprises of a similar kind have
done and except at one or two
points about midway between these
towns, where his cavalry have cut
the railway, he is still being oppo-
sed stubbornly by the Russians who
are making vigorous counter at-
tacks.Von Hindenburg, however, has
reached a point west of the bridge-
head across from the town of
Dvinsk and is preparing to attack
that fortified area. Along the rest
of the line the German advance also
has slowed up while in Galicia the
Russians are still attacking and, ac-
cording to unofficial reports from
Bucharest and other points, the Aus-
tro-German armies are falling back
across the Dniester river.Just north of the Galician border
the Russians also are on the off-
ensive and are making an attempt to
recapture the fortress of Dubno
which the Austrians took last week.
This offensive in the south, it is be-
lieved, will have an effect on the
rest of the front, as re-inforcements
must soon be sent there, or the Teu-
tonic allies will run the danger of
being outflanked.Despite this the Austrians have
sent reinforcements against Italy
and have, at some parts of the line,
assumed the offensive. The coun-
try is so rough and the Italians,
since they declared war, have been
so successful in capturing impor-
tant positions for defense that an
advance by the Austrians cannot for
some time threaten the defenders.The heavy guns continue their
bombardment along the western
front and in the Vosges another bat-
tle is in progress for possession of
Hartman's Weilerkopf, which has
changed hands often during the past
few months.According to dispatches from Hol-
land the British warships have
again attacked the German posi-
tions on the Belgian coast.Air raids by allied airmen on
towns now occupied by the Germans
and by Zeppelins on England are
daily occurrences.COURT AUTHORIZES ISSUANCE
OF RECEIVER'S CERTIFICATESRock Island Receivers are Given
Authority for Purpose of Paying
Semi-Annual Installment of Inter-
est on Debenture Bonds.Chicago, Sept. 15.—Receivers for
the Chicago, Rock Island and Pacific
railroad were authorized today to
borrow money by the issuance of re-
ceiver's certificates for the purpose
of paying the semi-annual instal-
ment of interest due on \$20,000,000
worth of debenture bonds. This
authority to Jacob M. Dickinson and
H. U. Mudge, the receivers, was given
by Judge Carpenter in the United
States district court.It is provided in the order that
the receiver's certificates shall not
constitute a lien on the earnings of
the road and therefore shall not take
precedence over the underlying se-
curities of the company. This will
place the certificates in priority of
claim only before the debentures, the
interest on which is to be paid by the
sum realized on the certificates. The
\$500,000 interest was due July 15,
1915, and payment was deferred un-
til Sept. 15th. Considerable pressure
was brought, it is said, by holders
of the underlying securities to have the
provision against a lien on earnings
incorporated in the court order.
Judge Carpenter said earlier in the
day that he had assured counsel for
the holders of the underlying securi-
ties that the certificates were to be
issued with the understanding that
if they were not paid at the expira-
tion of the six months they were to
make the earnings of the road
made it possible to take them up.
The "no lien" clause is the expres-
sion of that assurance in an official
order.TWO INSTANTLY KILLED WHEN
AUTO HITS BIG FOUR TRAINDANVILLE, Ill., Sept. 15.—Fol-
ly J. McCarty, of Paris, and John J.
Dugan, prominent farmer residing
near that city, were instantly killed
this evening when the latter's auto-
mobile was struck at a crossing by
the Big Four train. It was raining brisk-
ly which probably prevented the
two men from hearing the approach-
ing train, which hurled the car sav-
eral rods and reduced it to scrap
iron. Their bodies were placed
aboard the train which returned to
Paris with them. Father McCarty
was 40 years old and came to Edgar
county ten years ago from Ireland.

COUNT IS GRATIFIED

Ambassador Pleased Over Out-
come of Conference With
Secretary Lansing

GERARD TO PRESENT EVIDENCE

NEW YORK, Sept. 15.—That the
difficulties between the United
States and Germany will be settled
within a fortnight was the opinion
voiced by Count Von Bernstorff, the
German ambassador, at his hotel
here today shortly after his return
from Washington. Approached by
a newspaperman, Count VinBern-
storff said:"Ordinarily, I give only prepared
interviews over my signature. Today
I shall make an exception. You may
say for me that I am sure that
within a fortnight all supposed dif-
ficulties between the United States
and Germany will have been settled
and permanently settled and the na-
tions will be more friendly than they
ever have been."Feels Gratified Over Outcome.
Count Von Bernstorff added that
he felt gratified over the outcome
of his conference with Secretary
Lansing.Later the ambassador amplified
the statement saying:
"In my opinion everything as re-
gards the situation between the
United States and Germany will be
settled within a fortnight. I do not
expect to have anything more to
say with reference to this matter
in the next two weeks."Count VonBernstorff discussed
the sinking of the British steamer
Esperanza, insisting in an informal
way that his first claim as to what
caused the ship to go down had now
been verified, despite what he called
"the suspicion of the American
people about that ship."The ambassador emphasized the
fact that under present conditions
exchanges of communication with
his government were necessarily a
tedious proceeding and he added
that it was due to this fact that he
fixed the time for a settlement at
two weeks.In conclusion the ambassador
said that he would probably spend
the week end at Cedarhurst, L. I.,
his summer home.Gerard to Present Evidence.
Washington, Sept. 15.—Ambassa-
dor Gerard has been instructed to
present to the German foreign office
a summary of the evidence gathered
by the United States and de-
clared here to be absolutely proof
that the White Star liner Arabic
was torpedoed without warning
causing the loss of two Americans.Secretary Lansing in making this
announcement today made it clear
that no representations or expres-
sion of opinion by the American
government had been made in the
communication. The viewpoint of
the United States based on the evi-
dence in the Arabic case and its
position on the principles involved
were stated informally to Count
Von Bernstorff, the German ambassa-
dor, who communicated later with
the German foreign office. The out-
come of these two steps—examina-
tion by the German foreign office
of the evidence and receipt by Ber-
nstorff's suggestion—is awaited be-
fore the next move in the situation
is determined.The general expectation is that
several days, possibly two weeks,
will elapse before the decision of
the German government is made
known.No word had been received at the
state department concerning pub-
lished reports of a chase of the
American liner St. Paul by a Ger-
man submarine. It was said at the
department that if the St. Paul was
attempting to escape after having
been warned an attack on her might
have been justified. In the absence
of details, department officials were
not disposed to comment on the
case.PLACE TOWNSHIPS IN
CLOSED QUARANTINE.Washington, Sept. 15.—Wayne
and Bloomingdale townships in Da-
Page county, Illinois, are placed in
closed quarantine for livestock foot
and mouth disease by a department
of agriculture order issued today to
become effective tomorrow. No cases
of the diseases have been discovered
in the townships but they are chang-
ed from restricted to closed area on
account of their proximity to infected
sections.

RAISE PRICE OF OIL.

Findlay, O., Sept. 15.—The Ohio
Oil company today announced a five-
cent increase in the price of six
grades of crude oil. The present quo-
tations are: North Lima, \$1.08;
South Lima, \$1.08; Illinois, \$1.09;
Princeton, \$1.09; Wooster, \$1.25; In-
diana, 93 cents.ROCK SHATTERS PANE;
SENATOR SHERMAN HURTMISSILE IS THROWN AT A VANDALIA
RAILROAD TRAINSenator Suffers Deep Lacerations on
the Face and Hands—Injuries are
Painful but Not Serious.St. Louis, Sept. 15.—United States
Senator L. Y. Sherman of Illinois
suffered deep lacerations on the face
and hands tonight when a rock
thrown at a Vandalia railroad train
between Collinsville, Ill., and East
St. Louis, Ill., shattered the window
beside which the senator sat.It is believed that the rock was
thrown by one of two boys who were
seen walking along the track at that
point.As the glass flew into the sena-
tor's face he pitched forward in his
chair and the blood spurted from his
wounds, blinding him for the time.
Fellow passengers carried him to the
washroom.The train put on extra speed for
the rest of the distance to St. Louis
and upon its arrival here Senator
Sherman was rushed to a hotel and a
physician summoned. Late tonight
it was announced that his injuries
were painful but not serious.Senator Sherman was coming to
St. Louis from Robinson, where he
spoke at an Old Settlers' meeting.
He probably will depart for Chicago
tomorrow.FLOODS CAUSE HEAVY DAMAGE TO
PROPERTY; WASHOUT RAILROADSRise of Neosho River at Iola, Kan.,
Threatens a Repetition of the
Flood of Last Monday.Kansas City, Kan., Sept. 15.—
With the heaviest rainfall recorded
for many years, districts in south-
western Missouri, southeastern Kan-
sas and northern Oklahoma tonight
were dealing with flood situations,
washouts along lines of railroads and
damage to property reaching a large
figure.The rise of the Neosho river at
Iola, Kans., threatened a repetition
there of the flood of last Monday.
Early in the night the waters were
reaching into the residence district
followed by a procession from the af-
flicted zone to pieces of safety in up-
town public buildings. No loss of
life has been reported nor is any ex-
pected, as all flood districts in the
Neosho Valley have been warned by
the United States weather observer.Bartlesville, Okla., reported a de-
luge of seven and one half inches of
rain in the last twenty four hours,
with the Caney river there the high-
est since 1912. All streams are out
of their banks in that vicinity. Rail-
road tracks have been washed away
near Okesa, southwest of Bartles-
ville and trains are being detained.
Mine operators at Joplin and the sur-
rounding district estimate a \$500,-
000 damage done by the heaviest
rain ever recorded in the district.
Seven inches of rain fell in eight
hours.LONE BANDIT HOLDS UP EXPRESS
MESSENGER ON ERIE TRAINRobber Escapes With Packages Con-
taining Several Thousand Dollars
and Jewelry.Indianapolis, Ind., Sept. 15.—
When Lake Erie Western passenger
train No. 25 arrived here at 10
p.m. tonight the American Express
company messenger reported that he
had been held up at the point of a
revolver by a bandit and packages
containing several thousand dollars
and jewelry taken from the express
safe. The robbery occurred near Ar-
cadia, 28 miles northeast of Indian-
apolis.

The robber escaped.

The train had stopped at Arcadia
and the bandit swung aboard the ex-
press car as it was leaving the sta-
tion. Pointing a revolver at the
messenger, who was at the safe put-
ting away a package of money re-
ceived at Arcadia, the bandit forced
him against the side of the car and
still keeping him covered, placed
fourteen packages, twelve of which
contained money and two jewelry in-
to a sack.As soon as he completed his
work, he pulled the bell cord and
jumped from the train at Cicero.
Here he boarded an automobile in
which it is said two other men were
seated, which apparently was in
waiting and drove in the direction
of Noblesville, 21 miles northeast of
here.IRRIGATION CONGRESS ADVOCATES
NATIONAL MARKETING COMMISSIONFRESNO, Cal., Sept. 15.—For the
protection of the farmer and with
a view of providing a better market
for his products, a resolution advo-
cating a national marketing com-
mission with departments in states,
counties and towns throughout the
United States was introduced tonight
before the International Irrigation
congress by S. Glenn Andrus, secre-
tary-manager of the Sacramento
chamber of commerce. Public owner-
ship of the water systems is the
final solution of the irrigation prob-
lem confronting the American farm-
er in the opinion of Lieut. Gov. John
M. Eshelman, of California. He trib-
uted most of the failures of ir-
rigation enterprises to the contract
system.ENGLAND VOTES
BIG WAR CREDITAsquith and Kitchener
Survey Financial and
Military Situations

BOTH HOUSES CROWDED

Premier States Daily Expendi-
ture of 3,500,000 Pounds May
Have to Be Increased

APPEALS TO WOMEN TO AID

LONDON, Sept. 15.—Premier As-
quith, in the house of commons and
Earl Kitchener, secretary for war,
in the house of lords, gave an ex-
haustive survey today of the finan-
cial and military situations, both
making candid statements of what
has been done already and of prepa-
rations "for carrying the war to a
successful conclusion."Brings Total to \$6,310,000,000.
Both houses were crowded with
members and spectators, who follow-
ed with deepest interest Mr. As-
quith's plain and business-like state-
ment in asking for another vote of
credit, which finally passed and
which brings the total of 1,262,000,-
000 pounds (\$6,310,000,000) and to
Earl Kitchener's reading of a care-
fully prepared and optimistic speech
on the military operations and needs.
The premier had to deal with huge
figures to explain the financing of
the war and warned his hearers that
although the expenditure was now
over 3,500,000 pounds daily, there
was a likelihood of its increasing ow-
ing to the advance to the allies and
dominions which had reached 250,-
000,000 pounds (\$1,250,000,000)
and provisions for munitions.Since the war began nearly 3,000,-
000 men, he said, had enlisted in the
army and navy. Besides 800,000 per-
sons were now engaged in the manu-
facture of munitions. Both figures
would have to be increased and he
appealed to the women to give their
assistance, believing that they would
make a "gigantic stride towards the
solution of one of their most press-
ing problems."Admits Mistakes Were Made.
Mr. Asquith admitted candidly
that mistakes had been made and
added: "I do not say even now that
we are doing all we might or even
all we ought to do."He protested, however, against the
attempts of a section of the press "to
belittle and disparage our efforts."
After reviewing the operations in
Flanders, the Dardanelles and Po-
land, Mr. Asquith declared that the
country had vastly exceeded any
standard dreamed of before the war.As the war went on however, that
standard would rise and new sacri-
fices would be demanded in men, mu-
nitions and money. A discussion on
the question of conscription followed
the premier's speech and the
house finally granted the vote asked
for.Gas Attacks Fail of Object.
Earl Kitchener, in his speech made
the interesting disclosure that the
German attacks with gas liquid fire
and asphyxiating shells, lacking, as
they now do, the element of surprise
have failed in their object and have
lost much of their offensive value
owing to the steps taken to counter-
act them

If you seek to do the best thing for Jacksonville at the present time vote "no" at the election next Tuesday. To change the local government plan now will result in various embarrassments and expenses. The danger of the proposition carrying is the apathy of the voters. Do not let next Tuesday pass and be subject to the charge that you have failed to express an opinion at the polls on a question of such great interest to Jacksonville.

Southern planters it is said are to feel the benefit of the federal reserve system of banking this year, as they are to secure funds at six per cent, instead of eight per cent, the charge which has previously prevailed. The money is designed especially for crop moving purposes and the federal reserve board has recently authorized the lower rate on drafts secured by warehouse receipts on non-perishable products, providing the banks certify that they have made the loans, including commission, at a charge not to exceed six per cent. Growers of both cotton and grain in the south will thus be materially benefited.

Lutherans Maintain Neutrality.

The general council of the Lutheran church of North America has recently endorsed the stand taken by Dr. T. E. Schmauk of that denomination when he refused to join with other churches in a peace appeal to the governments of Europe. The council declares that it is contrary to the policy of the Lutheran church to participate in anything verging upon politics or to take any action seeking to influence any government. In other words, the church will insist upon the maintenance of the strictest neutrality. There is underlying, no doubt, a recognition of the fact that most of the churches joining in the appeal have a leaning in sentiment toward the allies, but nevertheless, no legitimate fault can be found with the action of the Lutherans.

The Auto Wins Again.

The automobile has scored another victory over the electric car by the arrangement planned at Washington whereby local mail transfers in Chicago and St. Louis will be done by government owned automobiles. It is declared that a very large annual saving can be effected in this way. Now the transfer of mail by street car service is \$179,650, and the estimated cost for automobile service is \$112,600. The figures for Chicago are said to be relatively the same, although the amount of mail moved in Chicago is vastly greater. The government recently asked for bids for standardized automobiles for this service, and according to the announcement from Washington, it is the expectation that the contract will soon be let for the equipment.

A Forward Movement.

It remained for Jasper county, Missouri, to take an advance step in the fight against tuberculosis. At a special election in that county the people authorized a bond issue of \$100,000 for the erection of a sanatorium for the care of persons afflicted with tuberculosis. The vote was comparatively light and practically all opposition to the proposition was in the country districts, where the farmers evidently objected to the additional tax which would result.

One reason for the success of the movement was the fact that in the Joplin district, tuberculosis is very prevalent, especially among miners, who have contracted it while engaged underground. Many cities during recent years have authorized the expenditure of certain funds for anti-tuberculosis work and quite a large number of societies have made large investments for this work, but Jasper county is the first in this or adjoining states to undertake the work as a county.

Lower Telephone Costs.

The discussion among the chamber of commerce directors about the local telephone situation is very likely to lead to the appointment of a committee whose instructions will be to confer with the management of the two companies doing business in Jacksonville to see if some basis cannot be reached whereby the companies will combine or provide interchangeable service.

The discussion which has thus far been had should not be construed as special criticism upon either company. The feeling seems to be that the double service means additional and avoidable expense for the people of the city and there is no disposition to do any injustice to either company or to show special favors.

It is fair, however, to bear in mind that the telephone rates which were in effect when there was but one company here were materially lowered by the advent of the second company. Certainly the question is one within the province of the chamber of commerce, and it is for the

discussion of such matters that the organization exists. Any question which might be considered as affecting the interest of business men or the community in general has its proper place in the discussion of the chamber of commerce. The idea that the functions of such an organization is only to seek the establishment and encourage new business enterprises has long since been exploded.

Still Another Peace Plan.

A conference is to be held tomorrow by the editors of foreign newspapers published in America and former Secretary William J. Bryan. The purpose of the conference is to discuss the advisability of having Mr. Bryan go to Europe and make an effort to bring about peace. It is understood that Mr. Bryan is very willing to undertake this errand and at his own expense. While during the earlier months of the war the former secretary was not looked upon with favor by the German government, or at least by the German papers, especially because he was known to have a son-in-law who was an officer in the English army, his subsequent action in resigning from the state department and his published statements relating to his resignation, resulted in a great change of feeling.

More recently there have been announcements to the effect that Mr. Bryan is now very popular in Germany and the feeling exists there that he is friendly to that nation. From a general view-point it appears that Mr. Bryan may be in a somewhat advantageous position to undertake such a project as is now proposed, and if he should do so and meet with any success, he could refer with pride to the statement issued just after his resignation, that he was prompted by a desire to help to bring about peace and felt that he could more nearly accomplish this purpose out of the cabinet than in it.

Baseball Interest Lags.

The attendance records during the "Three-Eye" season recently closed shows that the totals fall far short of the record in 1914, which was not normal. Altogether it has been a hard season for baseball and the attendance has been seriously interfered with not only in the big leagues but in the minor organizations as well. The "Three-Eye" simply sharing in the common fate. The result of the experiment made by the Federal league management in its endeavor to re-popularize the game by cutting the general admission price to 10c is still uncertain. The 10c admission announcement soon brought about the term "jitney baseball," and the Baseball Magazine in a recent issue makes strenuous objection to this term. It is called in the first place a misnomer, as jitney means 5c, and the magazine writer further goes on to say that while the Federal League does charge 10c for general admission, that by far the greater number of those who attend pay additional fees either for box or grand stand seats. The tone of the article indicates that in some baseball circles at least, the Federal experiment has not met with favor. This may be because of opposition to the Federal league or may be founded upon the belief that admission price may be placed so low that the game will be cheapened in the public mind.

MATRIMONIAL

McPherrin-Cline

William McPherrin of Homer, Ill., and Miss Ora E. Cline of Winchester were married Wednesday afternoon at 4 o'clock at the home of the Rev. Myron L. OFFICERS CHOSEN AT BAPTIST CONVENTION

MORGAN - SCOTT ASSOCIATION
NAME OFFICERS FOR YEAR.

First Day's Program Marked By Large Attendance and Enthusiastic Meetings. Rev. Percy W. Stephens Preaches Annual Sermon.

The first day's sessions of the 10th annual gathering of the Morgan-Scott Baptist association was held Wednesday in the First Baptist church in Winchester. There was a large attendance and much interest manifested. The devotional exercises were conducted by John Moore, of Winchester. The first business before the association was the appointment of committees and the annual election of officers. The officers chosen follows:

Moderator—A. A. Curry, Pisgah.
Secretary—Mrs. Minnie Barrows, Waverly.

Treasurer—John Moore, Winchester. After the reading of Winchester church letter, the address of welcome was made by Rev. Mr. Toomey with a response by Rev. F. M. Crabtree.

The devotionals of the afternoon were conducted by George Beekman and after the reading of church letters a report was heard from the committee appointed at the morning sessions. There was a discussion open to everyone on the subject, "Associational Missions." Rev. Thos. Moody, of Congo, Africa, gave an address on "Worldwide Mission and the Local Church."

The opening exercises of the evening were conducted by Mrs. Minnie Barrows. The annual sermon was by Rev. Percy W. Stephens, of Jacksonville, and there was also an address by Rev. Thomas Moody. During the evening Miss Hazel Belle Long sang "The Pilgrim Song" and "Hark, Hark, My Soul."

During the course of the day Rev. Mr. Johnson, of Waverly, a new pastor, was introduced to the audience. One of the special features of the day's program was the open air services conducted in Central park from 6:30 to 7. It was a spiritual half hour and only the threatening rain cut down the attendance at the service. The ladies of the Baptist church served dinner and supper to the guests. The program will continue throughout Thursday and Friday.

SANGAMON COUNTY WILL OIL ROAD TO MORGAN COUNTY

Sangamon County Board of Supervisors Appropriates \$4,000 for Jacksonville-Springfield Thoroughfare.

At a meeting held in Springfield Wednesday the Sangamon county Board of Supervisors appropriated \$4,000 to be used for oiling the old Jacksonville road from Springfield to the Morgan county line. Sangamon county has received \$17,000 as state aid money for good roads and at the meeting held yesterday a similar amount was voted for better roads, making a total of \$34,000.

Morgan county citizens have already offered part of the Springfield road and it is confidently believed that Morgan county will meet Sangamon county thus making an oiled road between the two cities.

LANSING STATES PROPOSED LOAN INVOLVES NO VIOLATION OF LAW

Secretary Explains That Attitude of Washington Government Had Long Ago Been Announced.

Washington, Sept. 15.—Secretary Lansing made it plain to inquirers today that no violations of domestic or international law were involved in the proposed flotation by the allies of a large loan in this country.

The secretary explained that the attitude of the Washington government had long ago been announced that its expression of disapproval of loans as "inconsistent with the spirit of neutrality" had been occasioned by a direct request for advice by American bankers concerning loans in general and that the administration voiced its opposition chiefly to loans by popular subscription or those which would take large sums of gold from the United States. So far as state department officials are able to observe, however, the new loan is essentially what is known as a "credit loan" to pay for obligations incurred or about to be incurred for the purchase of supplies. Such a loan is viewed as a private commercial transaction not differing from the traffic in contraband or other war supplies, over which a neutral government is not obliged to exercise any control.

Only in the event that the matter is directly brought to the attention of the Washington government for advice is there likely to be any formal expression of opinion in the present instance.

FINAL DAY FOR FILING CASES IN SUPREME COURT

Springfield, Ill., Sept. 15.—Today was the final day for filing cases in the supreme court for the October term, which opens Oct. 5, and a large number of important cases will probably be decided at the forthcoming term, among them the cases brought by John B. Fergus, of Chicago, attacking the validity of the "omnibus" appropriation bill, the mileage bill for members of the general assembly and the deficiency appropriation bill all acts of the forty-ninth general assembly. The cases were appealed from the circuit court of Sangamon county which held the mileage bill illegal and also gave a decision invalidating many of the appropriations named in the other acts.

A case on the advisement docket, involving a large sum of money and in which a decision is expected at the coming term is that of the State vs. The Illinois Central Railroad company, State Auditor James J. Brady in 1914, increased the road's assessment from \$189,185.000 to \$365,538,000 and approximately \$1,200,000 in taxes is involved.

MANY BEAUTIFUL DISPLAYS ON ANNUAL FALL OPENING DAY

Merchants Unite for Autumn Fashion Show and Visitors Are Pleased With Variety and Art of Style Exhibits.

For several years local merchants have been uniting for an annual fall opening day, Wednesday, Sept. 15, was chosen this year and in every detail the day was successful, though for time the threatening weather gave promise of serious interference. True the attendance from the county was not what it would have been if the roads were in passable condition, but all Jacksonville, especially the women, were in the business district to visit the various stores. It was not the special purpose of the merchants who joined in the opening day arrangements to sell goods on this date but rather to have the people of the city and county visit their stores, enjoy their hospitality and inspect their lines of fall goods on display. There were many visitors at all the scores and the merchants felt well repaid for the trouble to which they had gone in arranging the special exhibits. As a result of the day the people of the city were thoroughly convinced that the merchants of Jacksonville have made ample preparations for the fall and winter season and that the stocks offered here are fully equal to those of any previous year and possibly somewhat in advance. Certainly the offerings are equal to those to be found even in larger cities and the public can be assured that the prices here are as reasonable as can be obtained even in Chicago and St. Louis. So with assortment and price taken care of, there is no reason why the "fall and winter trade" in Jacksonville shall not be in very satisfactory condition.

Many displays of especial beauty or unique arrangements were seen. Flowers were used freely and in some stores palms and snailax were employed by way of decoration. In all cases, however, were the new autumn stocks the center of attraction. Windows, faultlessly arranged, vied with show case and counter within. Time and effort was not spared in showing forth latest styles and patterns in articles of dress and home furnishing to best possible advantage.

The band concert in the evening was a pleasing feature of the day and several of the millinery establishments were opened after the supper hour. Threatening weather kept a number at home, but the full lighting of the windows and the fine fashion in which the exhibits were illuminated, made a visit to the square during the evening well worth while.

Following is the program of Jeffries Concert band:

STATE PROSPECTS OF BRADLEY FOOTBALL TEAM BETTER THAN EVER

PEORIA, Ill., Sept. 15.—Coach Martin, of Bradley Polytechnic Institute today stated the prospects for Bradley's football team were better than ever before. Twenty candidates appeared for the initial workout today. With such men as Capt. Goodfellow, Woodrow, Fetzner and Williamson, Coach Martin expects little trouble, although admitting a weak spot in the back field.

Bradley opens the season here Oct. 9, with Heddlug college. Capt. Raymond Reeder, of the Millikin University squad will not return to school this fall. It was said Reeder will be married next Friday to Miss Edith Horton, of Garrett, Ill. The loss of Capt. Reeder leaves a big hole in the Millikin lineup as he was a dangerous foe on the gridiron at all times. Joe Catlin is slated to succeed Reeder as captain of the Millikin squad.

BANKS DENY REPORT.
Cleveland, O., Sept. 15.—Practically unanimous denial was made by local banks today that they would participate in the billion dollar loan to the allies. One bank went so far as to post notices to its depositors saying it would have nothing to do with the loan.

CHARGE DISCRIMINATION.
St. Louis, Sept. 15.—Charges of discrimination in favor of Chicago and against St. Louis in railroad passenger and freight rates were made against the railroads operating in Illinois, by the Business Men's League of St. Louis, at a hearing before the interstate commerce commission here today.

ILLINOIS WOMAN'S COLLEGE BEGINS WORK OF NEW YEAR

Auspicious Beginning Made With Opening Exercises—Address Made By President Harker.

The Illinois Woman's college has again begun work under very favorable auspices as was witnessed yesterday morning when Dr. Harker and the faculty faced an audience which well nigh filled the music hall leaving many standing in the entrance and aisles. The usual opening exercises came first and were pleasantly varied by a solo rendered by Miss LaZell with fine effect giving very great pleasure to all present. Dr. Harker said in brief:

"It is not necessary for me to say with what pleasure I greet the old girls who were once with us, the old members of the faculty and the new girls, the seniors, the juniors and the freshmen who are just beginning with us. I greet you all. There is, it is said, no royal road to learning but I claim there really is: a road the king and the queen travel. The college is the shortest road to success in life. If we measure success by position the college helps us to it most truly; if we measure success by money then the college is a valuable aid; if we measure it by character there is nothing equal to the college for that purpose.

"Not long since a thousand inquiry cards were sent out to college graduates asking them to name the one thing they valued above all others in their college course and the great majority replied the benefit of association with members of the faculty and similar individuals and next to that is the benefit of associations with each other. There are here wiser girls than you are; girls more experienced in life; girls who have had better advantages than you and from these you may gain much that is valuable. So too if we measure success by science then the road through the college leads to the highest point.

"The race is not to the swift nor the battle to the strong but to the ones who diligently seek the great goal, strive for it unceasingly and are satisfied with nothing mean or half way successful. I earnestly hope all beginning will continue on through the whole college course. There is a power which comes from it.

"You can only attain the best measure of success when the faculty is in full sympathy with you and ready to aid you every way possible and I want to tell you a little secret; the best way to secure that end is to cultivate the faculty by diligence, kindness and courtesy. This is a small college, thank God, and you will get the best of every advantage it offers for each one will have the individual attention so valuable and impossible in a large institution. Be faithful, diligent and kind and you will get the best but if your teachers have to urge you to study and work they cannot do for you what they would otherwise. We have here a lot of womanly women who will be of much benefit to those willing to be benefited and they are ready to have you get from them all you can.

"Then, too, we have something here beside mere study to receive attention. We want you to improve physically from year to year and I think some of you show that you have done so. You should make the most of the athletic department and avail yourselves of all the practice and exercise possible. The idea of a weak body receiving little or no exercise while the mind is being cultivated was long ago exploded.

"I am glad this morning that there are in this audience those who connect the history of the college fifty years. I am glad to see members of the family of my immediate predecessor here and I am so glad to welcome the wife and three daughters of his predecessor and I want Mrs. DeMotte and her daughters to stand that they may be seen by the audience. Dr. DeMotte began his work here in the '60's."

Mrs. E. C. Lambert was then introduced and extended appropriate words of welcome.

The dean, Miss Mothershead, then made her announcements with a few pleasant words of greeting after which Dr. Harker aroused great enthusiasm by announcing the gift of the West State street property by Mr. David Strawn to the college. The place is considered worth \$13,000 and is a generous gift. The gentleman has already given his residence as a home for the art association, and we would like to have him here to tender our thanks in person.

The young ladies were then dismissed to their several duties and the work of the college year was fairly launched.

It is gratifying to know that every room at the college is taken this year.

OLD JACKSONVILLE

The Rutledges

By Ensley Moore.

Member of Illinois State Historical Society.

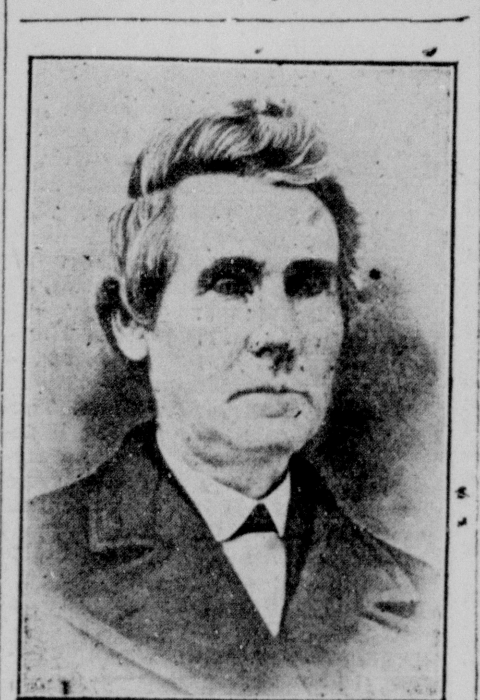

(First Part.)

Rev. George Rutledge.

The following is part of a memoir copied from the Minutes of the Illinois Annual Conference held at Jacksonville, Sept. 20-25, 1871.

"Rev. George Rutledge was born Nov. 11, 1811, in Augusta County, Va. At the age of twenty he was converted and joined the Methodist ton District 1831. About this time his father died, and George being the oldest child, on him to a considerable degree devolved the care and management of the affairs of the household. And it is the united testimony of all his brothers and sisters that in the double relation of father and brother he was in all respects faithful and true.

"He commenced preaching as a supply on the Abington Circuit, Baltimore Conference, under Rev. Charles B. Tippet, P. E. This was about thirty seven years ago. The next year he was received on trial in the Baltimore Conference, and was immediately transferred to the Illinois Conference and occupied the following positions: Sangamon Circuit in 1835, Jacksonville 1836, Sangamon 1837-38, Knoxville 1839, Lewiston 1840-41, Rushville 1842, Carrollton 1843-44, Quincy 1845, Rushville 1846, Jacksonville 1847, Sparta District 1848, Winchester 1849-50, Alton District 1851. About this time the Southern Illinois Conference was separated from the Illinois conference, and in 1852 he was transferred from the Southern Illinois Conference to the Illinois Conference, and stationed at Grigsbyville. He was appointed to the Jacksonville District in 1853-4-5-6, Pleasant Plains District 1857-8-9-10, stationed in Carlinville 1861, Bloomington District in 1862-3-4-5, Jacksonville Circuit in 1866-7-8, Jacksonville District 1869-70. Died Sept. 7th, 1871.

The Rev. George Rutledge.

As stated above, Mr. Rutledge married Miss Mary Ann Mathers, a native of Empriskillen, Ireland, who came to this region before the Deep Snow. She was a sister of John and Wesley Mathers, both of whom were mayor of Jacksonville.

The children of George and Mary Ann Rutledge were:

1. Arabella, died at 12 years.
2. Wm. Newton, Champaign, married Emma S. Hammel, Lynnville, Ill., Sept. 29, 1880. Children, George and Margaret, born in Jacksonville, George married Lela Casteen, Versailles, Ill.; one son, Philip, eight years old.
3. Geo. Wesley, La Harpe, Kas., first wife, Miss Maggie Culp, married in Jacksonville. One son, died in infancy. Second wife, Ida Taylor of Jacksonville, married in Yates Center, Kas. She died some years ago, having no children.
4. John, died at three years of age.
5. James Olin, Butte, Mont., married a widow there. They have several children.
6. Julia Clarissa, married Thos. H. Rapp, Jacksonville. They have a son, Charles Edward in Chicago, and daughters Grace, Ruth and Catharine at home.
7. Harriet Millicent, married Edward Keach, Boston, Mass. They had two daughters. Mrs. Keach died in Nov., 1912.
8. Charles Gilbert, Chicago, married Miss Ada H. Harrison in Glasgow, Mo. They have two children, Orville H. and Lily May.

Three daughters of Mr. Rutledge, Mrs. Arenz, Mrs. Rapp and Mrs. Keach were graduated from the Illinois Woman's college.

Two sons, James O. and Chas. G. were graduated from Illinois College, the former in 1875, and the latter in 1881; both, and W. N. were members of Sigma Pi.

James O. soon went to the west, for a time he was in steamship service—a part of the time serving as purser. He is now in Butte, Montana, superintendent of an electric power plant.

Charles G. was for years connected with the Ayers bank here, was a state bank examiner, and now resides in Chicago.

In a communication, dated Champaign, Ill., July 1, 1915, the Rev. W. N. Rutledge said:

"I am now seventy-one years old and have been requested by President James of the University of Illinois to write my experience as messenger boy for Governor Richard Yates during the Civil War.

"I joined the first company raised in Jacksonville, under the first call for soldiers for the Civil War. The company was raised by Charles H. Adams. I was rejected on account of my age and height. I wrote to Governor Yates and told him I had been rejected as a soldier and asked him for a position. He appointed me messenger in his office June 19, 1861.

very successful. For, added to his clear perceptions and sound judgment, he had always within him a large, warm, generous soul, which made everybody within the sound of his voice feel more or less as he felt himself. In fact, it was this pathos or unctious, this fire of deep human sympathy set aflame by Divine grace, that made him so good a preacher, and so universally esteemed by the people and his brethren in the ministry. In his Conference relations, probably, no man stood higher. By all his brethren, so far as we have heard and known, for thirty seven years past, he was respected and beloved. To the young preacher he was always kind and considerate, attentive and brotherly. To men his counsels and even his rebukes came with a touch of tenderness and affection. We suppose that there is no one in the Conference that could say today that George Rutledge ever wounded his feelings by an unkind or unnecessary word. As a Presiding Elder he served on six different districts, always with acceptability, usefulness and superior efficiency. In his quarterly visitations he always gladdened and strengthened the hearts of the preachers and the people. Three times his brothers in the Conference, as a mark of their confidence and esteem, honored him by an election as a delegate to the General Conference. He was among the foremost in all our educational schemes and plans. He heartily sacrificed his own comfort and convenience for the upbuilding and support of our own institutions of learning. He was a special friend and advocate of the Illinois Female College. In all its dark days of money pressure, and the destruction of its buildings by fire, his devotion never faltered, his ardor never abated; he persistently hoped on, prayed on, gave on, and urged on the waning, until he saw it completed in its present beautiful proportions, and he was led to exclaim "The glory of this latter house far exceeds the glory of the former."

His last text closes "with these triumphant words: (Isa. 25-9) "He will swallow up death in victory and the Lord God will wipe away tears from all faces, for the Lord hath spoken it."

As stated above, Mr. Rutledge married Miss Mary Ann Mathers, a native of Empriskillen, Ireland, who came to this region before the Deep Snow. She was a sister of John and Wesley Mathers, both of whom were mayor of Jacksonville.

Mentally, he was regarded as a man of correct understanding, his early training having been of the very best afforded in his native place. As truths passed before him he gave to each its proper value. There was nothing visionary about his conclusions. He had no relish for impracticable ideas and theories. As a preacher, therefore, he was

KEEPING THINGS NEAT

You plant a rosebush by your door, and morning glories three or four; you mow the lawn when whisks green upon its countenance are seen; you take the dead cats to the dump, and fix the fence and paint the pump, and trim the figtree and the vine, and make the doorknob fairly shine. And neighbors who have gone to seed, whose lots are grown to grass and weed, will soon or late observe your game, and feel a burning sense of shame. They'll say, "That fellow's place, so neat, is quite the smoothest on the street; it makes ours look like also-rans, so we'll adopt that smarty's plans, and prove to him that other jays can well deserve the public praise." I've seen a neighborhood that lay all ragged, gone to brush and hay, brace up and bloom to beat the band because some pilgrim, tools in hand, cleaned up his lawn and pruned his trees, and bought some flowers and bumblebees. Thus good examples spur the souls of men who've crawled into their holes, content to let the whole world slide, the tail connected with the hide.

CUBS WIN FINAL GAME OF YEAR WITH BOSTON

BYRON AND "RED" SMITH ENGAGE IN FIGHT.

Teammates Step in and Escort Smith to Club House—Schulte's Line Drive Wins Game For Chicago.

Chicago, Sept. 15.—A fist fight between Umpire Byron and "Red" Smith, third baseman of the Boston Braves, marked the final game of the year between Chicago and Boston today. Chicago won the contest, 1 to 0. At the conclusion of the game, Smith rushed up to Umpire Byron and the arbiter walked to meet him. Both exchanged words and Byron dodged around several of those who had gathered about the two and made a lunge at Smith. He apparently made two swings at him and was rushing his man, when Big Bill James, the Boston pitcher, put his arms about the umpire and lifted him to one side. Smith came back with his arms swinging wildly and Umpire Orth attempted to stop him. Smith was infuriated and seemed about to hit Orth, when his teammates stepped into the fray and escorted Smith to the club house. The umpires then walked to their dressing room. Several hundred of the fans who witnessed the clash cheered Byron.

Umpire Byron refused to comment on the affair, merely stating that he would make his report to the president of the league. However, several of those who were close to the participants said Smith was "riding" Byron because of his decisions on balls and strikes and that the two had engaged in strong personalities prior to their coming together.

News of President Tener's decision on the arbiter's report is awaited eagerly about baseball headquarters here. The Braves have a fighting chance for the National league pennant and already have three of their regulars out of the line-up. These are Schmidt, Maranville and Snodgrass.

Incidentally the game was won by Frank Schulte, who drove a line drive over the screen in right field for the only run of the game.

This lone tally, coupled with the masterly pitching of Phil Douglass, who pitched his first game for the locals, since coming here from the Brooklyn club, were enough to win. Douglass allowed but three scattered hits and struck out ten of his opponents. The visitors were unable to get a man as far as third base.

NEW WORLD'S RECORD MADE BY DIRECTUM I

LOWERS HIS OWN MARK OF 1:58 TO 1:56 3-4.

Peter Mc Also Sets New Amateur Mark for Mile Track In 2:06 1-4—Geers Drives Russell Boy to First Money in Chamber of Commerce Stake.

Syracuse, N. Y., Sept. 15.—Directum I., champion pacing stallion, established a new world's record of 1:56 3-4 for a mile paced without a wind shield at the New York State Fair here this afternoon. In so doing he lowered his own record of 1:58.

Another world's record was lowered when Captain David Shaw of Cleveland drove Peter Mc. in 2:06 1-4, a new amateur mark for a mile track.

In addition to the breaking of two world's records the world's champion four year old trotter, Peter Volo, 2:02, also driven by Thomas Murphy, equalled his own record, negotiating the distance in 2:02 flat. Directum I. got away to a splendid start in his phenomenal mile paced by a running horse, the big chestnut pacer fairly leaped over the ground reaching the half mile mark in 58 1-2 seconds. Captain Shaw, the oldest driver in America, sent Peter Mc. away under perfect motion and not the slightest semblance of a break marred this performance.

Peter Volo's record wrecking feat was less spectacular than that of Directum I. and Peter McReaching the half way mark in 1:04 1-2 the big brown trotter was forced to go at a two minute clip for the remainder of the distance to equal the mark.

While the exhibitions attracted unusual interest the series of five professional races were keenly contested with the exception of \$10,000 Empire State stake which Peter Scott with Murphy driving, won in straight heats. Worthy Prince was a strong contender in the first and third heats but could not follow the fast pace set by the winner in the stretch. Bronson finished second in the second heat after a thrilling drive up the stretch which brought the crowd to its feet.

Murphy also won the American Horse Breeders Futurity in straight heats with Walnut Tree. Only four horses faced the started. "Pop" Geers, the dean of American drivers, took the Chamber of Commerce \$5,000 stake after losing the first heat. Russell Boy, the winner, finished sixth in the first heat and the result came as a great surprise. Geers also annexed the Ka-No-No stake driving DeRoche to a straight heat triumph with little opposition.

In the final event, the 2:03 pace which was unfinished owing to a heavy shower, Geers took the first and second heats with Napoleon Direct. Earl Jr. captured the third heat.

The track, according to horsemen, was the fastest of the season.

"MORNING GLANCES" (By Gosh)

The Braves who are fighting for the National League pennant lost to the Cubs yesterday by a score of 1 to 0. The game, or rather its finish, was marked by a run in between Red Smith, third baseman of the Braves and Umpire Byron. The men exchanged several blows and were separated by the players and Umpire Orth. It is probable that Smith will be banished from the game for several days. That will leave the Braves in a bad condition as Snodgrass, Schmidt and Maranville are already out. Douglas whom the Cubs secured from Brooklyn pitched a masterly game, allowing but three hits. Tyler was only hit for five safeties by the Cubs. The lone run of the game came through Schulte's home run in the seventh inning.

The White Sox finally beat the flying Red Sox yesterday, the score being 3 to 1. The White Sox won largely through the fine pitching of Faber. He allowed the Red Sox but one hit and displayed the form that made him the sensation of the American league early in the season. Both teams played without an error.

Mike Gibbons denies the report that he is to fight Young Ahearn in New Orleans in January. Mike can afford to lay off as the \$15,000 he got for his battle with Packey McFarland is enough to buy coal and provisions for the remainder of the year.

Brenton held Washington to four hits and no runs yesterday and Cleveland won 5 to 0. Bunched hits with passes and fast work on the bases helped Cleveland to her five runs.

Pittsburgh beat the National league leaders yesterday by a score of 1 to 0. Kautlehnner allowed Philadelphia to nine hits while Pittsburgh got but four off of Mayer. The Phillies were well scattered and did not result in a run.

WORLD'S MARKET NEWS

WHEAT MAKES ONLY SLIGHT RECOVERY FROM BOTTOM PRICES

Heavy Hedging Sales in the Northwest and Lower quotations from Liverpool Cause Break—Close Is Steady at a Net Loss.

Chicago, Sept. 15.—Heavy hedging sales in the northwest and lower quotations from Liverpool caused a break today in wheat prices here today. The market although steady at the close was 1/4c to 1/2c lower, with September at \$1.09 1/2 and December at 94 3/4c.

Corn finished 1/4c off to a shade advance. Oats 1/4c to 1/2c down. Provisions varying from 2 1/2c decline to a like upturn.

Only a slight recovery from the bottom prices of the day took place in wheat. The highest prices of the session were obtained shortly after opening and were due to unwelcome rains. Export business amounting to 400,000 bushels, principally Manitoba, did not appear to be of sufficient volume to give any noticeable encouragement to the bulls.

Light frosts in the northern part of the corn belt deterred speculators from selling corn freely. The weakness of wheat however, acted through out the session as a weight on prices.

The oats market was dominated almost wholly by changes in the value of corn. A fair shipping demand tended somewhat to have a steadying effect.

Selling by packers largely overcame a rather decided advance in provisions. Investment buying, active cash inquiry and the fact that hog prices were at a new high level for the year were reasons for the temporary upturn.

Y. M. C. A. CONFERENCE IN PROGRESS IN CHICAGO.

Mayor Rodgers and Other Representatives of the Local Association Will Attend.

Mayor H. J. Rodgers left for Chicago last night to attend the state Y. M. C. A. conference. Mr. Rodgers is president of the local association, and A. L. Snyder, secretary, and H. A. Brewer, physical director, are also in attendance. While in Chicago Mr. Rodgers will also spend some time at the hearing of the Jacksonville rate case before Commissioner Shaw. One feature of the conference will be a dinner with the presidents and employed officers of the Young Men's Christian association through the state at the Hamilton club tonight. F. B. Smith, of New York City, and others will make addresses and the promise is that the program will be unusually strong and helpful. At the noon luncheon today R. W. Messer, of Chicago, is to speak on "Illinois' Responsibility to the Foreign Field". At the afternoon session there will be a directors' round table discussion of questions relating to association work.

CONGO MISSIONARY.

On Thursday evening at the First Baptist church, the Rev. Thomas Moody of the Congo, Africa will deliver a missionary address for the American Baptist Missionary society. Mr. Moody is a man of most unusual power and ability. His wide experience as a traveler and missionary, together with his ability as a public speaker assure a meeting of great interest. The meeting will commence at 7:30 o'clock, and the public is invited.

Miss Irene O'Connell of Murrayville was a city shopper yesterday.

TELEPHONE SERVICE

BASIS OF DISCUSSION

Complaints Made Because of Extra Expense Two Systems Cause.

In a report of the meeting of the chamber of commerce directors which appeared in the Journal Wednesday morning mention was made of complaint of the service supplied by the Illinois telephone company. But the greater part of the discussion was not so much with reference to the quality of service rendered by either company as about the expense occasioned by the maintenance of two systems.

The sentiment of those present seemed to be that if a consolidation of the systems could be effected that a large annual saving would be made for residents of Jacksonville. General Manager Holliday of the Illinois Telephone company yesterday had the chief operator of the exchange communicate with all those who attended the Tuesday night meeting and asked them for any specific instances of poor service. The chief operator stated that it is the desire of the company to give as good service as possible at all times, and that unless complaints were made when the service was not satisfactory, that the company had no opportunity of bettering the service or correcting any error. It was further stated that the company would welcome complaints at any time for this reason, and the idea was conveyed that in this matter of complaints that in fairness to the company they should be filed with the office management in order, as before indicated, to give an opportunity for correction and betterment.

DEAF BOY WAS FRIGHTENED.

A boy from the State School for the Deaf created considerable excitement Tuesday evening at the corner of West State and Church streets. He was a new pupil who had just been sent to the school. It is probable that he had never been away from home before and he was literally scared to death. He got away and when the officials caught him at the place mentioned he fought and made such an uproar and passersby thought he had been injured by an automobile. Mrs. Byron Armstrong happened along at the time and the boy ran to her and clung to her so tenaciously that she told the officials of the school that she would take him for the night and return him to school Wednesday. All of the pupils who attend the State school are glad to get back and after this boy becomes used to being away from his parents it is probable that he will prove no exception. Mrs. Armstrong's kindness was greatly appreciated.

A PLEASANT MEETING.

Mrs. DeMotte and her daughters are having a pleasant visit with Mrs. De Motte's Jacksonville daughters, Mrs. Will Finlay Brown and Mrs. T. P. Carter. The writer well remembers when Dr. De Motte first came to Jacksonville to succeed Dr. Adams as head of the Woman's College, they were using coal oil lamps for illumination and at once the Doctor took steps to use gas. The pipes needed cleaning out and a lot of work to get them ready and the writer, then connected with the gas company made a pleasant acquaintance with the new president and his estimable family and Miss Gildersleeve and yesterday Mrs. DeMotte at once recognized the man who had helped illuminate the college building.

Mrs. Preston R. Smith and sons, Preston and Robertson are here from Buffalo, N. Y., for a visit at the home of Mrs. Smith's mother, Mrs. John Robertson on West Lafayette avenue.

KISSED AND MADE UP.

"To err is human, to forgive is divine". That probably is what passed through the mind of Mrs. John Smart Wednesday when her husband was placed on trial on the charge of wife abandonment. Smart was arrested in Bowling Green, Mo. and brought here for trial.

Smart appeared before Justice Dyer Wednesday afternoon and was required to give bond in the sum of \$200 for his appearance in the circuit court. After this action was taken Justice Dyer sent Smart and his wife into the adjoining room to his office to talk the matter over. After quite a conference Mrs. Smart decided to forgive and forget. There was a string attached to this, however. One of the conditions was that Smart was to rent a house separate from his parents and they would live alone. It seems that Smart and his wife were living with his (Smart's) parents. The old saying that one house is not big enough for two families has again been demonstrated. It is to be hoped that this couple will be able to live together in peace in the future.

THE EDUCATION OF YOUNG WOMEN.

The Woman's college makes a specialty of the education of young women and girls. It has an equipment of more than \$100,000, covering every line of study in which women are interested.

Do you wish to study music, voice, piano, organ, violin, public school music?

Do you wish to study cooking or sewing?

Do you wish to study art, drawing, painting, china painting, enamel and luster, etc.?

Do you wish to study expression, either in private or class lessons, including instruction in story telling, dramatics, etc.

Do you wish to take a regular college course, or an academy course, or a special course?

We have special classes for young children in music and cooking and sewing.

Then call at the college or telephone Bell 102, Illinois 415.

The college opens Monday and Tuesday, Sept. 13 and 14.

DETERMINED TOURISTS.

Yesterday shortly before noon a Ford automobile rolled into the city and the vehicle had most evidently been where there was plenty of mud.

Investigation proved the outfit to be that of J. F. Moyer of Shelbyville who was accompanied by his wife and son and Mrs. Morgan of Taylorville and they were on their way to western Kansas for a tour and a visit.

They left Taylorville yesterday morning and plowed their way thus far through scores of mudholes though Mr. Moyer said the worst places he encountered were where the roads had recently been worked and were soft and slushy.

He thought they had made pretty good time under the circumstances and he went to seek the office of the Chamber of Commerce to ascertain the best way to proceed on his journey. He was fixed for camping and all were in fine spirits.

MEETING WAS NOT HELD.

A meeting of the committee appointed to solicit funds to pay the city's part of the proposed extension of the hard road on Morton Avenue to Hardin avenue was called for last night but failed to materialize much to the displeasure of several committee members who are very much in earnest about the proposition. Another meeting is soon to be called and certainly every member should be present and have something definite to say on this important matter.

RATE CASE HEARING

WILL BE RESUMED.

Further Testimony to be Given Before Commissioner Shaw in Chicago.

The hearing of the Jacksonville rate case will be resumed before Commissioner Shaw of the Illinois public utilities commission in Chicago today. John J. Reeves left last night for Chicago and will appear today with Attorney A. D. Stevens of Springfield in behalf of the petitioners. It is understood that the light company wishes to present some further testimony in support of its contention that the estimates made by utility commission engineers as to the present condition of local property are too low, and also some further testimony as to the cost of organizing and operating a utility company. There will be testimony from commission engineers relative to investigation made here and it is very probable that the hearing will continue through Friday. As previously stated, it is the expectation that the attorneys will subsequently file written briefs and that a decision from the commission may not be expected until sometime during the month of November.

SOME DIFFERENCE

IN TEMPERATURES

An inch of snow fell in several Kansas counties Tuesday. A Rock Island train was stalled in a snow drift west of Phillipsburg, Kas. While all this was happening the thermometer in Jacksonville was above the 90 mark. Though the weather has been rather uncomfortable for the last few days yet it probably is more agreeable than that which Kansas experienced.

Efficient Housekeeping

BY HENRIETTA D. GRAUEL.

THE VOGUE OF BLACK AND WHITE.

HENRIETTA D. GRAUEL

Shoppers searching for new articles of furniture for the home have been startled at the bold combinations of black and white seen in upholstery, hangings and wall paper. And now the vogue has reached the china shop and startling designs in black and white dinner, breakfast and tea-ware are displayed. I hope they are not being sold; for this new fad, I am told, is an echo from the gloom prevalent abroad.

Almost every family in Europe has lost members or friends in the fearful havoc raging there and so universal mourning prevails; the black and white candlesticks, black glass nut sets, black salad plates with silhouettes of white picked out on them and other atrocities have found their way into happy, peace-loving America; mourning decorations in every room at every meal!

Is it not enough that we ape foreign styles in dress? Must we furnish our homes in black and be reminded by the color of our dinner-ware that our cousins over the water are quarreling? Why, the first thing we know we will be sending our damask to the dyers!

We have learned the lessons of proportion and balance in furnishing and have found that useless clutter and bric-a-brac is bad taste. Since we know enough to discard the objectionable, since an American

woman can be successful wife, mother, seamstress, nurse and cook combined, suppose we try to make sensible styles popular in our own homes.

More than that, our ideas, ways and customs have as much to recommend them as any from over the seas, while our home life is as beautiful as may be found in all the world. But if we are away by every passing whim of foreign manufacturers who care only for our dollars, our nation will soon lose its individuality.

Other countries are not so eager to adopt our styles; for example, consider the rocking chair. It is typically American; invented by a Yankee, to whom we tender our grateful thanks. Some were sent to a great exhibition in London. Did the British, French, German or any other nation place them in their stores and expect their housekeepers to flock to buy them?

They did not. They flocked to laugh and jeer; for years they were called "vulgar," "nerve racking" and "impossible." A popular hotel installed a few on its verandah and was so unkindly criticised by the press that the experiment was a failure. Mrs. Frances H. Burnett says in *The Shuttle*, "I think that English girls are now permitted to rock in easy chairs in their own rooms."

It is only by praising our own products, buying them in preference to importations and using them in our own homes that we can help our men to make the slogan "Made in America" as pleasing as to public ears as "Made in Holland," Berlin or Paris."

SOCIAL EVENTS

Celebrated His 18th Birthday.

James Heaton residing south of Lynnville as very pleasantly surprised a few evenings since when a party of his friends went to his home and told him that they had come to assist him in observing his 18th birthday anniversary. Of course they were invited in and made to feel at home. Besides Mr. Heaton there were three of his guests whose birthday anniversary had passed only a few days before the visit and the occasion was made as a celebration for all four of the young men. Excellent refreshments were in readiness for the visit was known to some of the family, and a large cake bearing the initials of the four young men was cut and duly appreciated by them and the other guests.

Women's Club of C. C. T. Held Meeting.

The Woman's club of the United Commercial Travelers met with Mrs. George Brady of Grove street Wednesday afternoon. After the business meeting a social hour was enjoyed and delightful refreshments were served by the hostess.

Birthday Celebration For Joy Rabjohn.

Wednesday was the 6th birthday of Joy Rabjohn, daughter of Mr. and Mrs. Walter C. Rabjohn, 695 East State street, and a number of young friends were invited in to help celebrate the day. A peanut hunt and games of various kinds amused the children and then all formed in line and marched into the house. Refreshments were served the young guests seated in a ring. Mrs. James Rice and Mrs. Julia Goodrick assisted the hostess.

The guests were Ella Harney, Alice Tewksbury, Louise Muehlhausen, Mary Ellen, Alice and Louise McCarty, Frances Kaule, Ruth Rawlings, Victor Calerman, Aline and Harold Rabjohn, Dorothy and Verne Fieldler, Virginia and Robert Lushbaugh, Hazel and Grace Shoedsack, Viola Coffman, Idabel Rabjohn, Walter Rabjohn, Jr., Paul Stewart and Patricia Spink.

Miss Wilson Given Farewell Party.

Miss Catherine Wilson, who left yesterday to attend William Woods college at Fulton, Mo., was given a farewell party Tuesday evening, by a number of friends, at her home west of the city. The party made the trip on a hay wagon. The gathering was a surprise to Miss Wilson and the occasion was also her 17th birthday. Plenty of refreshments were taken along, including a birthday cake, which contained a needle, button, ring, dime and wish-bone. The evening was spent with music interspersed with various games. Among the guests were Leland and Edna Harney, Claude and Harold Jewsbury, Bernice and Sherman Coultas, Mildred and Wilbur Gibbs, Denby and Gail Ranson, Allan and Irene McCullough, Bertha Coates and James Heaton.

KANSAS FLOOD DETAILS.

In a letter from Humboldt, Kan., where she is visiting relatives, Mrs. Ralph W. Hutchison encloses local newspaper accounts of the recent floods. Many strange incidents are reported from the flooded districts. Near Paola, a passenger train was upset but no lives were lost. At Iola an aged couple were found clinging to floating furniture near the ceiling of their room. The neighbor of a family horse aroused one man, who awoke to find two feet of water in his room. Many deeds of heroism on part of soldiers, firemen and members of volunteer signal corps were reported.

GRANTED DIVORCE.

Mrs. Myra B. West was granted a divorce from her husband, Timothy E. West at Oakland, Calif., recently and also was granted the custody of their ten year old daughter, Mirabelle. Mrs. West was formerly Miss Myra Brown of this city and graduated from Jacksonville High School in the class of 1904. She is employed as private exchange telephone operator in the city hall in Oakland.

BURGLARS IN OFFICE.

Sometime during Tuesday night burglars gained entrance into the grain brokerage office of F. P. Smith & Co. on East State street. A search was made through all the desks and papers were spread about over the floor. No clew was left by the guilty party.

GREAT DISPLAY AT THE HERMAN STORE

ANNUAL FALL OPENING DELIGHTED THROU' OF VISITORS.

Millinery and Ready to Wear Display of Extent and Quality to Be Seen All—Day a Success in All Particulars.

It is difficult to say anything new regarding a merchant who so long has put forth his best efforts to please as has J. Herman, dealer in millinery and ready to wear garments for ladies. As usual he and his estimable wife visited the fashion centers of the metropolitan cities this fall to cull from their stocks the goods which would best be suited to the ladies of this city and vicinity and their long experience and gift edged credit enabled them to secure a stock at such advantageous prices that they are ready to supply the ladies with goods of quality unsurpassed and at prices the lowest.

A special feature of the opening yesterday was the presence of C. S. Haas, of Haas Brothers, of the east, designers of ladies' garments. This gentleman made a special display of choice and rare goods and gave many useful suggestions regarding designing of the garments ladies wear. It was a new and attractive feature with the house that is always on the alert to secure something new, attractive and fully useful at the same time.

Mr. and Mrs. Herman are well termed tireless toilers for trade and to secure it they resort to no sensational methods but by strict attention to business coupled with rare skill and taste and an experience of so many years they are enabled to supply the ladies of this region with goods which cannot be surpassed in any fashion center in the land and at the same time their prices will often be found actually lower than those of the great cities.

With a full force of skilled trimmers and makers in the millinery room and a corps of polite sales ladies everywhere the house is ready to supply the wants of all ladies desiring the best goods at fair prices.

MUCH TYPHOID FEVER REPORTED IN AND ABOUT CITY

Through physicians, much typhoid fever is reported in and about Jacksonville. There are a number of cases at both Passavant hospital and Our Savior's hospital and throughout the city and country several new cases have developed recently. This is a time of the year when typhoid is more prevalent and the unusual water fall of the past month, making draining in already filled wells more abundant has added an important factor to the presence of the disease. Physicians are very desirous that citizens use every precaution to prevent the disease. No chances should be taken on water that is thought of as contaminated. Many people are being vaccinated by anti-typhoid serum or vaccine, which has proved a great preventative, as shown from reports made by its use in the United States army. It is the duty of all physicians to report typhoid cases to the City Health physician and everyone should assist in anyway to lessen the spread of the malady.

NEW \$100,000 JAIL FOR SANGAMON COUNTY

By unanimous vote yesterday the board of supervisors voted to erect a new jail for Sangamon county. The approximate cost is to be \$100,000. The matter will be put up to the voters at the general election next spring at which time a vote will be taken on the issuance of a \$100,000 bond to cover the cost.

The vote followed a bitter arraignment of the present structure by a number of the supervisors. It comes as a result of agitation which has been growing for years.

ANNUAL MEETING OF RED MEN CLOSES.

Chicago, Sept. 15.—Wildwood, N. J., was chosen for the sixty-ninth annual meeting of the Great Council of the United States Improved Order of Red Men at their closing business session today.

A resolution changing the age limit for membership in the daughters of Pocahontas, the woman's auxiliary of the council from eighteen to sixteen was lost. Minor changes in the constitution and by-laws were made.

PLEADED NOT GUILTY.

Nw Orleans, La., Sept. 15.—Albert LeMore and E. E. Carriere in federal court today pleaded not guilty to indictments charging use of the mails to defraud. They will be tried later. LeMore and Carriere were the heads of A. LeMore & Co., stove exporters, that failed in February, 1914, with losses to bankers and firms in America and Europe estimated at about \$5,000,000.

ARRESTED FOR BEING DRUNK ON TRAIN

John Schroeder was arrested by Deputy Sheriff Stice Wednesday on the charge of being drunk on a railway train. Schroeder went to Beardstown and returned to Jacksonville on a freight train. It happened to be a through train and Schroeder in alighting from it was badly skinned up. He was taken before Justice Dyer and fined \$25 and costs for his offense.

ACCIDENT AT LIBRARY.

Four heavy panes of glass from the ceiling light at the public library crashed to the floor Tuesday noon, hitting the librarian's desk and table with broken glass. No one was injured. Arrangements for repair of the ceiling light were made by the board Wednesday.

LOAN SEEMS ON WAY TO SUCCESS

(Continued from page one)

generally agreed as to the reported true information but bankers were life of the loan and the interest rate.

Resentment in Financial Groups.

Overnight a feeling of resentment in certain financial groups in Wall street seemed to increase on the matter of participation by the so-called pro-German financiers of New York. These financiers, who constitute a formidable array of financial power, have not been invited to take part in the loan and were inclined today to feel hurt.

"In many cases," said a spokesman for this group, "the name of the firm is German and the officers all Americans, descendants of Germans but born and raised in this country. These men are good Americans and they feel hurt that they are not permitted to share in councils of so vital interest to their country."

"They certainly will not beg to be taken in; but they would like to be shown at least the courtesy of being asked."

WITH THE SICK.

Miss Emma Kirby of Franklin is reported very ill with typhoid fever. Xavier Walter, 356 East Court street, who for the past few days has been ill, is reported in serious condition.

Modern Dentistry

Our crown and bridge work is the only method in dental science that is permanent and which perfectly equalize the strain of mastication. It is the only possible method which permits the fullest enjoyment while eating, because the functions of the whole mouth can be exercised. This is impossible in the old-fashioned plate. These teeth look like your own teeth, feel like your own teeth and to all intents and purposes, are your own teeth; and with moderate care will last a lifetime. Only gold and porcelain are used in their construction; but, notwithstanding, the cost is comparatively low. Estimates free.

LIGHTNING DESTROYS BARN NORTH OF ALEXANDER.

Structure on Strawn Place Occupied
By Herman Visser Burned to
Ground.

Lightning set a large barn on fire on one of the Strawn farms north of Alexander shortly after 2 o'clock Wednesday morning and building and contents proved an almost total loss. The farm is occupied by Herman Visser and is two and one half miles from the village. Insurance was carried on the barn.

Only a span of mules, kept in the barn was saved. All the harness Mr. Visser possessed was burned as were thirty-five tons of baled straw, 102 bushels of wheat and 300 bushels of oats.

This is the second barn destroyed by lightning in the Alexander community within a week. On the Klerman place south of Alexander, a barn containing three tons of hay and some harness was destroyed several days ago in similar manner.

To the ladies of Jacksonville, Alfred Clerk, the FURRIER, will be in PHILIPS & OSBORNE'S STORE Monday, September 20th, to take in all kinds of old furs to make up into the latest winter styles. One day only, Monday, Sept. 20th.

DEMONSTRATED SOCIETY BRAND CLOTHES FOR MEN.

George D. Shale of Chicago who has gained some renown as a perfect 36 gave a demonstration of Society Brand clothes in the display window at Myers Bros. store Wednesday afternoon and evening. A great many spectators gathered about the window and hundreds thus gained first hand idea of the correctness and quality of Society Brand clothes, which are made by Alfred, Decker & Co. of Chicago. Mr. Shale made his changes in just about 30 seconds and the many who witnessed the clever demonstration were greatly interested. The very attractive windows at the Myers Bros. store also came in for a share of attention.

The choice millinery shown by L. C. & R. E. HENRY was regular stock and will duplicate any day.

WEST JACKSONVILLE CIRCUIT.

DESCRIBES WORK OF SUNDAY SCHOOL UNION

Stephen Paxton and Daughter Referred to in Talk to Teachers by the Rev. M. L. Pontius.

"The American Sunday School Union" was the subject of a talk by the Rev. Myron L. Pontius to officers and teachers of Central Christian church Sunday school, assembled for their weekly luncheon Wednesday evening in the church dining hall. In the course of brief remarks Mr. Pontius referred to Stephen Paxton, "who has probably organized more Sunday schools than any other one man," an d to his daughter, Mrs. Belle Paxton Drury, who was responsible for Mr. Paxton's interest in Sunday school missions, and who until the time of her death resided at the home of her son, Frank Drury, of Orleans. It was a member of the Sunday School Union from the eastern states, who, visiting Winchester, awakened the interest of Miss Belle Paxton in the work of missions.

"The American Sunday School Union was organized in 1824 at Philadelphia and, supported by private subscription, has pursued a checked but useful career. For the past sixty-five years it has the remarkable record of the organization of three Sunday schools per day. The establishing of Sunday schools has been proved to be the most effective way of doing missionary work. The union extends its work to the most lonely and distant places, but finds much to do in the very shadow of the largest universities."

The meeting of teachers and officers last evening at 6:15 o'clock was the third of a weekly series which will extend throughout the winter months. Last year similar gatherings were held monthly. ADD SICK

DR. STRAWN'S GIFT TO WOMAN'S COLLEGE CAUSED ENTHUSIASM.

The announcement made by President Harker yesterday at the Woman's college of Dr. David Strawn's splendid gift to the college caused a vast amount of enthusiasm. The beautiful West state street property Dr. Strawn is giving to the college means a gift of \$15,000 and quite naturally the donor was shown special honors while at the college yesterday. He was a guest of Dr. and Mrs. Harker at dinner and the students cheered for him most heartily. The gift is one of the largest ever made to the college and is certainly a splendid example of Dr. Strawn's generosity which he has evidenced several times recently.

YOUTH WAS SHOT BY UNKNOWN MAN

AMANDA HEIRONYMUS KILLED
IN EAST ST. LOUIS.

Was Related to Charles Heironymus of Winchester—Deputy Sheriff Attacked by Burglar's Accomplice and Fatally Wounded.

Charles Heironymus of Winchester has received word of the death of his nephew Amanda Heironymus, a deputy sheriff of East St. Louis, who was shot by an unknown assailant sometime during Tuesday morning. Heironymus had been on duty during the day and had returned to his home about 12 o'clock at night. The evening being unusually warm he sat down on the front porch of his home to cool off. While sitting there he saw a burglar in the rear of his home. He made for him and he had no sooner emerged from the porch than he was shot by a second man who was concealed in the dark. The shot took effect in his chest and another in his hip. He lived only nine hours after the shooting. The deceased was 31 years of age and was married. Mr. and Mrs. Charles Heironymus have gone to East St. Louis to attend the funeral services.

Personal Mention.
Miss Mary Murphy has arrived from Peoria for a visit with relatives.

Mr. and Mrs. West Taylor of Waverly are visiting with relatives and friends in Winchester.

Rev. and Mrs. George W. Murry left Wednesday for Quincy to visit their daughter, Mrs. Frank Getters.

While carrying out an empty box from his bakery Wednesday, George Smith found a tarantula, one of the largest of its kind seen in Winchester for some time. The much feared creature was captured and is being preserved in alcohol.

Mr. and Mrs. Robert Mason will leave for Canton today to visit with relatives.

HAS BUILT LUNCH ROOM.

Charles DeSilva, formerly of the fire department, has built a new lunch car and will go to Springfield to operate it during the state fair. DeSilva took an old street car that he secured from W. B. Miser about two years ago and rebuilt it for the purpose. The car was placed in the rear of the city hall at that time and used for a cook a kitchen for the firemen. Mr. DeSilva painted the car, placed electric lights in it and put it on wheels. It was his intention to make the trip to Springfield overland. He decided, however to ship the wagon to Springfield by freight.

HERE FROM EDINA, MO.

Mr. and Mrs. Charles Lynville and Mr. and Mrs. Lyman Cassell of Edina, Mo., are in the city visiting Mr. Cassell's son on North Fayette street. The party left Edina some time ago in Mr. Lynville's Hudson car and went to Chicago. From there they journeyed to Springfield and thence here. They expected to depart for Edina today but probably will not be able to on account of the heavy roads.

ICE CREAM SOCIAL.

The young people of St. Bartholomew's church of Murrayville will give an ice cream supper Friday night, Sept. 17.

CATHOLIC AID SOCIETY MEETS.

The Catholic Ladies Aid society met Wednesday afternoon with Mrs. Michael McGinnis of Dunlap street. After the regular business had been transacted a pleasant social time was had. There were a number of contests and prizes were won by Mrs. John O'Brien, Mrs. Michael Shanahan and Mrs. Cornelius Harrigan. The next meeting of the society will be held Sept. 29, with Mrs. Paul Alexander of Caldwell street.

FINGERS CUT BY ELECTRIC FAN.

Frank U. Correa had the two first fingers of his right hand badly cut by an electric fan Wednesday evening. Mr. Correa was at the regular meeting of the Eagles and attempted to move an electric fan while it was running. The blades of the fan cut the index and middle finger. Dr. G. O. Webster gave the necessary surgical attention. Mr. Correa will be unable to work for several days.

Jesse Dean of the vicinity of Murrayville, was transacting business in the city yesterday.
